Application for mobiles devices

Kevane Grant Thornton proudly presents the firm's business and tax application for mobile, tablets and iPad. This application was designed with individuals and dynamic organizations, like yours, in mind, and achieves our commitment to provide you with timely business advice.

After evaluating the growing needs of our clients' and businesses today, we developed an innovative application that offers you:

- up-to-minute information on audit, tax, business advisory and outsourcing matters related to your operations in Puerto Rico,
- a customized tax calendar for individuals, businesses or other entities,
- interactive access to all our monthly publications, IFRS news and Alerts,
- an excellent tool to keep you abreast of filing and payment due dates with government agencies in Puerto Rico,
- our Firm and partners' profiles.

Navigate with us and experience the difference!
